

## Disadvantaged strategy statement: Bramcote College

1. Summary information					
School	Bramcote College				
Academic Year	2018/19	Total DA budget	£158480	Date of most recent DA Review	December 2019
Total number of students	458	Number of students eligible for DA	158	Date for next internal review of this strategy	January 2019
2. Barriers to future attainment (for students eligible for DA including high ability)					
<i>In-school barriers (issues to be addressed in school, such as poor literacy skills)</i>					
A.	Literacy (and numeracy) skills entering Year 7 are lower for students eligible for DA than for other students, which prevents them from making good progress in Year 7. Some students in Year 11 are still battling with lower literacy skills and numeracy skills which is preventing them from accessing new GCSE content. Problem solving in Maths was identified as a national area of weakness; literacy levels have a significant impact on the comprehension element of Maths problem solving tasks. <a href="#">Outcomes in Year 11 show a minimal gap between DA and non DA students' progress at GCSE in Maths at BC.</a>				
B.	High attaining students who are eligible for DA are making less progress than other high attaining students across year groups. This can act as a barrier to sustained high achievement throughout KS4.				
C.	<a href="#">A small group of students may struggle to access the Key Stage 4 curriculum in its entirety, as a result, alternative courses in school continue to be explored and delivered to maintain engagement and progress</a>				
<i>External barriers (issues which also require action outside school, such as low attendance rates)</i>					
D.	Attendance rates for students eligible for DA are 93.7% (below the target for all children of 96.8%.) This reduces their school hours and causes them to fall behind on average.				
E.	Low aspiration of some DA students. Lack of parental engagement for some.				
3. Outcomes					
	<i>Desired outcomes and how they will be measured</i>			<i>Success criteria</i>	
A.	High levels of progress in literacy and numeracy for Year 7 students eligible for DA.			Students eligible for DA in Year 7 make more progress by the end of the year than 'other' students so that 100% meet aspirational expected targets and other students still make at least the expected progress. This will be evidenced using	

BC – Strategy for DA. Updated December 2018

		reading assessments (we are now using Read Wise as a replacement for Accelerated Reader and English teacher assessments on Snapshot days.
<b>B.</b>	Improved rates of progress across KS3 and KS4 for mid and high attaining students eligible for DA.	DA students identified as high attaining (HADA) from KS2 levels / raw scores make as much progress as 'other' students identified as high attaining, across Key Stage 3, so that 75% or above are on track for 4 levels of progress by the end of KS4. Where they are not, departments are putting in place class interventions and additional support, monitored by heads of departments (HOD) and senior team.
<b>C.</b>	Behavioural and attitude to learning issues of Year 9, 10 and 11 addressed. Increased aspiration and 'belief' of students. Increased parental engagement.	Fewer behaviour incidents recorded for these students on the school system. Improved attitudes to learning and engagement in lessons. Improved parental engagement including attendance at Parents' Evenings and academic school events.
<b>D.</b>	Increased attendance rates and engagement with extra-curricular programmes for students eligible for DA.	Reduce the number of persistent absentees (PA) among students eligible for DA to 10% or below. Overall attendance among students eligible for DA improves from 93.7% to 96.8% in line with 'other' students.
<b>E.</b>	Increased parental engagement with school, increased aspirations.	Improve attendance of DA parents at school events. DA participation in University Programmes.

4. Planned expenditure					
Academic year		2018/19			
The three headings below enable schools to demonstrate how they are using the Pupil Premium to improve classroom pedagogy, provide targeted support and support whole school strategies.					
i. Quality of teaching for all, with a priority for disadvantaged students					
Desired outcome	Chosen action/approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?
A. Improved Year 7 literacy progress	<p>CPD on literacy for all, plus regular updates for staff on which students' reading ages are below their chronological age. This has become a whole school focus around 'Closing the vocabulary gap' by Alex Quigley and is the focus for a working 'Group' in the Trust's staff CPD/meetings cycle</p> <p>CPD for English teachers and senior TAs on using Read Wise effectively and developing questioning techniques to follow up text reviews – develop a bank of specific resources to use for follow-up to assess the components of language_</p> <p>DEAR – 15 minutes after lunch. Disadvantaged to read to class teacher and Tas during library lessons. Migrating to the start of lesson 5 to ensure a settled start to the afternoon in a regular slot. KS3 reading books, KS4/5 consider subject specific reading – discuss with HoDs</p> <p>All KS3 students have a 50-minute library lesson fortnightly with teacher input into reading skills and strategies.</p> <p>Year 10 student leader reading buddies to work with DA Year 7 &amp; 8 LA &amp; MA students or under chronological reading age (co-ordinate with CRO)</p> <p>Introduce reading diary as homework for Year 7s to ensure that they are reading at home as well as during DEAR, library lessons and in general lessons.</p>	<p>Components of language identified as an area of weakness from moderation and schools in the English network have successfully trialled this approach.</p> <p>Evidence suggests that there is a positive relationship between reading frequency, reading enjoyment and attainment. (Clark 2011; Clark and Douglas 2011) Reading enjoyment has been reported as more important for children's educational success than their family's socio-economic status. (OECD, 2002)</p> <p>Evidence suggests that reading for pleasure is an activity that has emotional and social consequences. (Clark and Rumbold, 2006) ...all cited in: <i>Department for Education (2012) Research Evidence on Reading for Pleasure.</i></p> <p>Read Wise is showing to have a positive impact in an independent evaluation. Continuing to follow this methodology in Year 9 reading lessons.</p> <p>Evidence that students that read frequently improve their understanding of texts and speed of reading.</p> <p><a href="#">Education Endowment Foundation (EEF)</a> peer involvement in learning.</p> <p>The cumulative effect of reading has a positive impact on reading ages. A directed reading diary may encourage structured support at home as well as in school.</p>	<p>HOD to oversee resources and scheme development with KS3 lead for English and SENCO_</p> <p>DEAR lead ensures DEAR takes place every day with spot-checks from SLT as part of learning-walks. Each room is equipped with a book box, so all students have access to relevant reading materials.</p> <p>DEAR lead to ensure that DEAR takes place and all students have access to good reading materials.</p> <p>Student Leaders co-ordinator – organisation of senior students at Reading Club</p> <p>Librarians and English team to set and form tutors to monitor reading – directed by Head of Key Stage 3</p>	<p>Head of English</p> <p>Librarians</p> <p>Head of Key Stage 3</p> <p>SL co-ordinator working with Student Leaders</p> <p>Head of Key Stage 3</p>	<p>November 2018 to be reviewed half termly.</p> <p>Throughout the year as a part of tutor time routine and as a part of the TMC system</p> <p>Ongoing as part of learning walk / walkabout QA</p> <p>Repeat reading age assessment for Year 7 and 8 students and for key Year 10 and 11 students at data points throughout the year</p>

BC – Strategy for DA. Updated December 2018

<p>B. Improved progress for all DA students including DA high attaining students</p>	<p>Further embedding smart data analysis, through Go4Schools, to identify the more able disadvantaged students who are underachieving.</p> <p>Analyse KS2 data to track where more able disadvantaged students at entry are now across both key stages and intensively mentor.</p> <p>Further staff training – high quality feedback delivered by SLT with a specific focus on TTT (for DA students) and embedding good practice.</p> <p>Exam review meetings to include focus on attainment by DA students. HoDs should include DA progress at every level in department meetings (and line management meetings).</p> <p>HoDs also to be asked to investigate additional learning opportunities for MADA &amp; HADA students to look at diminishing the differences on a range of levels. KS 4 focus for Year 11 'booster groups'</p>	<p>We want to invest some of the DA in longer term change which will help all students. Many different evidence sources (including Johan Hattie's Visible Learning and the EEF Toolkit) suggest high quality feedback is an effective way to improve attainment, and it is suitable as an approach that we can embed across the school.</p> <p>All Year 11 DA students to receive 1:1 or 1:2 additional intervention to address individual needs. Proven methodologies to engage all students - of particular benefit to DA</p> <p>'Diminishing the differences', has replaced 'closing the gap' and therefore the focus must be maintained and moved forward in the classroom, as well as enrichment opportunities.</p>	<p>Use INSET days to deliver training. Initial, 3 month and 6 month evaluation of CPD through moderation and assessment grades. Set up Teaching and Learning group across the schools in the Federation to share best practice and champion DA learning.</p> <p>PixL leads in every core department. Successful implementation of walking talking mocks.</p> <p>Introduction of the PiXL Wave for Maths and English and Science which will allow Year 11 students to sit three + mock exams and benefit from the statistical analysis and examiner's report supplied by PiXL and their analysis/diagnosis/therapy programme to target specific areas of weakness in January and again in March. PiXL concepts increasingly incorporated into whole school policies and regularly reviewed in fortnightly HoDs meeting and Department meetings.</p>	<p>Federation T&amp;L lead, Deputy Head of School</p> <p>Coordinated by Maths TA/support HOD</p> <p>PiXL subject reps.</p>	<p>Snapshot days throughout the year (using the July snapshot to inform actions before snapshot 1)</p> <p>Throughout the year following the QA timetable – learning walks and book samples.</p> <p>October Exam reviews and reflection after each snapshot datapoint</p> <p>Snapshot days throughout the year (using the July snapshot to inform actions before snapshot 1)</p>
	<p>Disadvantaged students TTT to be included as part of QA processes in learning walks.</p> <p>English, Maths and Science to devote part of intervention and booster sessions to support high attaining disadvantaged students in all year groups. For current Year 11s there is Saturday School attended by 80% of HA DA. Other subjects to follow.</p> <p>Disadvantaged students identified as high achievers at KS2 are evaluated each half term and moved up to appropriate aspirational groups.</p> <p>Setting for core subjects in Years 8 to 11 and a review of class groups for Year 7 on a half termly basis. Reviewing groups to identify distribution patterns of DA students.</p>	<p>The impact of detailed feedback is clear in the progress made by students, as a summative grade shows level of achievement, however, focussed feedback moves students forward, especially when feedback gives students the chance to improve their work based on targeted tasks.</p> <p>This can be achieved on a larger scale by implementing the PiXL process of assessment, diagnosis and therapy which produces targets tasks for Maths and English based on the skills/knowledge gaps identified.</p> <p>Targeted intervention can also be implemented by adding guided learning hours e.g. through addition sessions such as Saturday school or HA/MA/LA specific intervention sessions.</p>	<p>QA the used of TTT tasks through work scrutiny in book samples.</p> <p>A wider introduction of the PiXL methodology in a broader range of assessments and subjects.</p> <p>Focus booster groups which are put in place. Discussion with Maths &amp; English HoDs to use Go4Schools data in more depth to identify which 'gaps' need to be focused on and which groups can be moved forward using targeted intervention</p>	<p>SLT</p> <p>HoD English and Maths and COE</p> <p>Maths TA</p>	<p>Ongoing through the QA programme</p> <p>February &amp; April after the Wave assessment s for Maths and English (also Science)</p> <p>Also working with Heads of KS 3 &amp; 4 to identify focus groups.</p> <p>Annually repeated process with termly review and on a case by case basis.</p>

BC – Strategy for DA. Updated December 2018

<p>A. Improved Year 7 numeracy progress</p>	<p>Introduction of weekly Iccams lesson to all Year 7 classes.</p> <p>All Year 7 classes to be taught in mixed ability groups with focus on Mastery mathematics.</p> <p>Times Table Project KS3 &amp; Numeracy ninjas</p> <p>Arrange for key members of staff to go into main primary feeder schools to identify the level that students are working at and to study the ways in which literacy is being delivered in our main feeder schools.</p> <p>Look at the possibility of working with Year 6 teachers on a joint numeracy project at the end of Year 6 after July induction days</p>	<p>A 2 year research programme designed to improve algebraic and multiplicative reasoning in Maths.</p> <p>The EEF believes that overall, setting or streaming appears to benefit higher attaining students and be detrimental to the learning of mid-range and lower attaining learners. On average, setting or streaming does not appear to be an effective strategy for raising the attainment of disadvantaged students, who are more likely to be assigned to lower groups.</p> <p>Students who are fluent in their times tables and can multiply and divide with ease are able to access the curriculum more readily. They approach mathematics with more confidence and rates of progress improve. All KS3 classes have</p> <p>Closer links with primaries would ensure that there are 'no lost weeks' after the SATs and running up to the start of Year 7. This could include a decision making / problem solving summer holiday project (based on the national issues surrounding problem solving).</p>	<p>Lead Iccams teachers to receive 6 days CPD throughout '16/'17. Evaluation in conjunction with Durham University.</p> <p>Effective sharing of practice.</p> <p>Sharing good practice between primaries and our BC; colleague to colleague as well as running workshops/events/project work for children</p>	<p>Deputy Head</p> <p>Maths team</p> <p>English Team &amp; deputy Head of School</p>	<p>Ongoing from Jan 17 Reviewed July 2018 – we are now on the second cycle.</p> <p>December 2018 review and every half term there-after.</p> <p>End of Autumn Term with the aim of testing strategies in the Summer Term, to be reviewed in July 2019 and then implemented from September 2019</p>
<p><b>i. Total budgeted cost</b></p>					<p>£61077</p>

BC – Strategy for DA. Updated December 2018

ii. Targeted support					
Desired outcome	Chosen action/approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?
A. Improved Year 7 literacy and Year 7 numeracy progress	<p>All Year 7 'catch up' groups for Maths and English have been identified and sessions have been timetabled with specialist staff</p> <p>1:1 and small group provision of Read Wise (4x weekly) and some weaker Year 7 students are doing switch-on (4x weekly)</p> <p>Senior Students reading with Y7 and Y8 students on a weekly basis in form time.</p> <p>Senior students to mentor DA Maths in Year 7 and 8</p>	<p>Some of the students need targeted literacy support to catch up. This is a programme which has been independently evaluated and shown to be effective in other schools.</p> <p><b>EEF</b> – effectiveness of peer mentoring and support</p>	<p>Organise timetable to ensure staff delivering provision have sufficient preparation and delivery time. In order to minimise disruption to students' timetables, some sessions run before school.</p> <p>Data tracking of these students to show impact of the programme.</p> <p>Teaching Assistant CPD to support these students with the strategy and SENCO to liaise with parents.</p> <p>Senior Student to feedback to Maths TA. One to one book used.</p>	<p>SENCO and Senior TA</p> <p>Maths TA and Student Leader co-ordinator - further work needed here.</p>	<p>Ongoing, especially reflecting on reading ages and progress points in Maths.</p> <p>Reading ages of focus groups reviewed termly.</p>
B. Improved progress of all DA students including for high attaining students	<p>Weekly small group sessions in maths for high-attaining students with Senior Teaching maths TA. Particular focus on Year 10 and Year 11.</p> <p>Use PiXL resources and app to engage students in English and Maths. Undertake 'walking-talking' mocks as resourced in PiXL.</p> <p>Assertive mentoring scheme embedded.</p> <p>English teachers with 'spare capacity' on their timetable will be running small group intervention for targeted Year 11 students.</p>	<p>We want to provide extra support to maintain high attainment. Small group interventions with highly qualified staff are known to be effective. We want to combine this additional provision with some 'aspiration' interventions such as talks from successful former students.</p> <p>Strongest teachers (With outstanding outcomes) to provide literacy support as a part of the Individual Mentoring Programme IMP – specific focus on Assessment Objectives for new GCSE.</p> <p>Employ use of specialist English teacher to support Disadvantaged students particularly in Year 11.</p>	<p>Maths TA spends 80% of time with DA students including high attainers. Engage with parents and students before intervention begins to address any concerns. Track data in English and maths at Snapshot days. HODs to observe sessions and provide feedback / support.</p> <p>HOD English and Deputy Head Progress to facilitate and track progress of students.</p>	<p>Head of English and Head of Maths</p> <p>Deputy Head of school</p>	Ongoing from Snapshot days
<b>ii. Total budgeted cost</b>					£20931

iii. Other approaches					
Desired outcome	Chosen action / approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?
<p>D. Increased attendance rates for DA students to be in line with Trust Attendance Policy and in doing so, reduce the impact of absence on progress of key students</p>	<p>Attendance officer to monitor students and follow up quickly on truancies. First day response provision. Work closely with Heads of Key Stage 3 &amp; 4 – weekly meeting to determine actions and evaluate effectiveness.</p> <p>DA Mentor to work with selected students to improve attendance and engagement.</p> <p>Catch up cards to act as deterrent for absence and to mitigate learning losses.</p>	<p>We can't improve attainment for children if they aren't actually attending school. NFER briefing for school leaders identifies addressing attendance as a key step.</p> <p>Getting to the bottom of what the barriers are for students coming into school and supporting in breaking down these barriers could have a significant impact on DA students' attendance. Knowing our students very well and ensuring that home-school communication is balanced between positives (successes) and concerns due to attendance could build up the relationships we have with parents and so this could improve engagement.</p> <p>Asking what barriers students face, rather than assuming and working together to break them down develops a sense of being in it together.</p> <p>DA rewards and incentives to encourage improved attendance.</p>	<p>Thorough briefing of support worker about existing absence issues. DA coordinator, Mentors, Heads of Key Stage 3 &amp; 4 head etc. will collaborate to ensure new provision and standard school processes work smoothly together. Same day calls about progress for target students and reduced timetable integration programme to ensure students attend on a regular basis, building to full timetable. Personalised support and assertive mentor assigned to each PA pupil eligible for DA. Attendance and progress discussed at least fortnightly with DA Coordinator and mentor. Letters about attendance and support worker to visit all PA at home to discuss attendance with parents / guardian and explore barriers</p>	<p>Head of School &amp; Attendance &amp; Pastoral team</p>	<p>At the end of each term to assess impact.</p> <p>Weekly / fortnightly to identify patterns which may be developing and changes in students requiring support.</p>
<p>Increased attendance at extra-curricular events both during the week and at annual events, leading to a higher proportion participating in graduation</p>	<p>Developing greater 'cultural capital' for DA students through involvement in a broader range of additional activities – both in and out of school hours.</p> <p>To look for opportunities to set up links targeted at DA students e.g. Sutton Scholars at the University of Nottingham (currently cohorts in Years 7-11) and the Transformation Trust, as well as encouraging participation with Debate Mate (UoN)</p> <p>Making music tuition available to DA students.</p> <p>Encourage students to have a longer-term awareness of how this feeds into the Graduation scheme and encouraging students (and parents) to attend in July.</p>	<p>To create a spreadsheet to record DA participation in enrichment.</p> <p>Working more closely with a range of departments to develop a range of annual events and weekly clubs which DA students are encouraged to participate in.</p> <p>Ensure that names of those participating are recorded and tracked across their years in school.</p> <p>A higher proportion of DA students to graduate in 2019 compared to 2018 (and to attend the ceremony)</p>	<p>Working with SLT colleague responsible for enrichment at BC to broaden opportunities and maintain a record of participation.</p> <p>Use student voice to reflect on areas of success and areas for development.</p> <p>Through the Form time programme</p>	<p>Deputy Head of School and Enrichment colleague will review on a half termly basis (this may be fed back to Directors' Students and Community Committee)</p> <p>Student Support and Heads of Year team, as well as form tutors</p>	<p>Half termly review</p> <p>July Graduation</p>

BC – Strategy for DA. Updated December 2018

<p>C. Problem and attitude to learning behaviour in Years 9,10 and 11 addressed</p>	<p>Identify a targeted behaviour and attitude to learning intervention for identified students. Parental meetings arranged, individual timetables in place and specific targets for students.</p> <p>Values driven behaviour and attainment. Ongoing work to develop the 'Culture of Excellence' through assemblies, high standard and positive re-enforcement</p> <p>Counselling with trained counsellor for identified students</p> <p>Alternative Pathways provision for small handful of students – need to ensure students engaging with learning and examinations.</p> <p>Develop an IMP (individual mentoring programme) at BC to support a targeted group of students in KS4</p>	<p>The EEF Toolkit suggests that targeted interventions matched to specific students with particular needs or behavioural issues can be effective, especially for older students.</p> <p>Data analysis every snapshot day to clearly identify DA students that require additional input and support. Data used regularly to review impact of learning and behaviour interventions.</p> <p>Supporting the Attainment of Disadvantaged Students. The introduction of clear school values, INSPIRE and 'A culture of Excellence' is driving our whole-school ethos of attainment for all. We are also focussing on the concept of "Work Hard Be Well Do Well" to ensure achievement and well being are discussed openly and regularly with students at all levels/</p> <p>Recognise that some behavioural problems ate linked to emotional or traumatic events that can only be addressed effectively with trained counsellors.</p> <p>Mentoring for specific students – athlete mentor</p> <p>Evidence that attendance, behaviour and attainment improve if students are on the right courses.</p>	<p>Ensure identification of students is fair, transparent and properly recorded, following Snapshot days.</p> <p>Use Mentors (DA mentors, lead teachers and SLT) to engage with parents before intervention begins.</p> <p>Monitor behaviour but also monitor whether improvements in behaviour translate into improved attainment – show the link.</p> <p>INSPIRE to be a focus for all staff through a focus month of positive praise/effort cards from teachers leading to raised INSPIRE points.</p> <p>Celebration assemblies.</p> <p>Through tutor programmes, assemblies and day-to-day behaviours and habits.</p> <p>Early identification – school counsellor lead with referrals to CAHMS if necessary.</p>	<p>Assistant Heads –Key Stage 3 and 4</p> <p>Student Support Centre team, SLT</p> <p>School counsellor</p> <p>Alternative Pathways Lead Teacher</p> <p>IMP Lead Teacher</p>	<p>December 2018, February 2018, April 2018 and June 2018</p> <p>Ongoing, throughout the school year.</p>
	<p>TFTF mentoring for Years 9-11 focussing predominantly on DA boys to offer them mentoring and careers advice.</p> <p>Partially funded through DANCOPS</p> <p>YIPIYAP – fully funded through DANCOPS – Maths tutoring</p> <p>On line mentoring for all Y9-11 students in Citizenship lessons focussing on careers. Also, targeted careers advice from DANCOPS for DA students</p>	<p>2017/2018 behaviour/progress data showed a significant link between behaviour and progress of a significant group of DA boys – the mentoring focusses on small group work.</p> <p>Small group and 1:1 work for Year 9-11 students to support progress in Maths</p>	<p>Regular contact between lead SLT (MON) and mentors, as well as student voice feedback.</p> <p>Discussion with DEV (Maths) and monitoring impact on progress for specific students.</p>	<p>MON &amp; Heads of Years 9, 10, 11</p>	<p>January 2019 and July 2019</p> <p>Reflected in outcomes in Maths for these</p>

BC – Strategy for DA. Updated December 2018

<p>D. Low aspiration and lack of parental engagement</p>	<p>Continue to select cohorts of DA Sutton Scholars for the University of Nottingham outreach programme for higher attaining DA years 7 to 11, to raise aspiration and planning for the future. To maintain contact with the Transformation Trust to provide additional opportunities for MADA and LADA students to visit Lincoln University</p> <p>Also DANCOPS mentoring as shown above</p> <p>Parental Engagement Courses – a range of courses have been run by WHP Federation, focussing on helping parents to help with Maths and English, as well as how to work with their teenagers and how to handle stress.</p> <p>Parents of specific students to be telephoned in advance of events such as parents' evenings and the KS4 / 5 Exam Success Evening (offering guidance on how to support children through the exam process)</p>	<p>Evidence – attendance at events and student voice about the impact the university visits are having on their aspirations for the future. Early intervention programmes have an impact on aspiration, this may encourage students to aim a level higher i.e. leaving school after Level 3, rather than 2, aiming for higher level apprenticeships and also considering university.</p> <p>University visits and discussions surrounding future plans create targets for students to aim for. Social mobility through higher education is increasingly a national discussion point, so broadening students' experiences, not only provides cultural capital but also provides eye opening experiences for students.</p> <p>Parenting courses offered to build on home-school links, boosting parental engagement and supporting parents as well as students.</p>	<p>Student Support Centre staff responsible for parental engagement by being proactive in contacting parents for events.</p> <p>Colleagues encouraged to ensure that they communicate successes and good ATL to maintain balance of positive and negative communications – too often 'no news is good news' and positive phone calls give parents a reason to answer the phone when school calls.</p>	<p>Deputy Head of School</p> <p>Form tutors</p> <p>Student Support centre and Key Stage 3/4 leadership to lead on DA parental engagement lead</p>	<p>Ongoing throughout the year.</p> <p>Ongoing throughout the year.</p> <p>Ongoing throughout the year with a particular focus around parents' evenings.</p>
<p><b>iii. Total budgeted cost</b>      £74794</p>					

This report has been R.A.G. rated to show active strategies and how we are progressing with them: Red - in need of development, Amber – currently running and developing, Green in place and has been for some time; the blue items are new projects and initiatives for 2018-2019.
