## Key dates and events

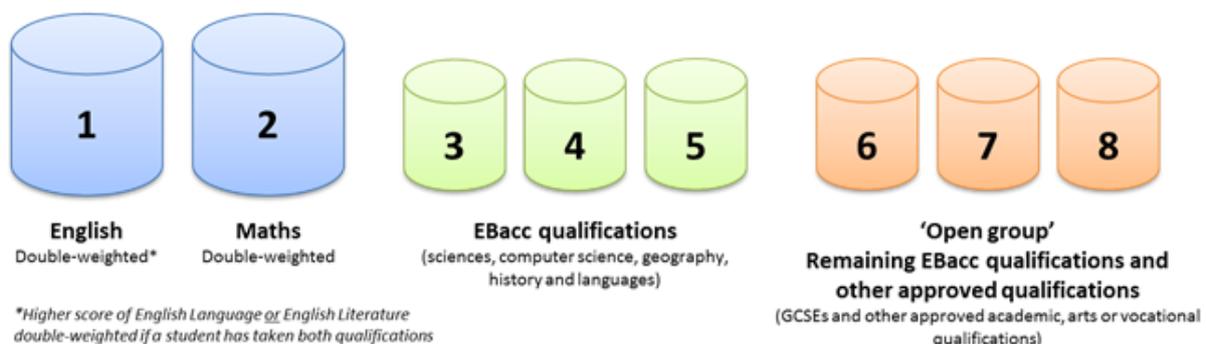

Date	Event
Wednesday 6th January and Thursday 7 <sup>th</sup> January 2021	Key Stage 4 Options presentation for Year 9 Students
Tuesday 26 <sup>th</sup> January And Thursday 28 <sup>th</sup> January 2021 (6:30pm)	'Virtual' GCSE Options Information Evening
Friday 12 <sup>th</sup> February 2020	Deadline for Options choices. Options forms should be completed online.
Easter 2021	Confirmation of selected Options will be sent to Students and Parents/Carers.

## Welcome to the Year 9 guide to KS4 Options

At Bramcote College, we provide a curriculum that is relevant, inspiring and challenging. Our objective is to foster a love of education, a commitment to lifelong learning and thorough preparation for external exams. Through our KS4 curriculum we develop students' knowledge, skills and understanding to prepare them for their lives beyond school.

We have developed a curriculum to meet the needs of the full range of students and provide a range of appropriate accreditation, including vocational programmes to complement GCSE courses. Details of all courses offered by the school are contained in this booklet.

Recently, the government introduced a new measure, known as Attainment 8, which encourages students to study a broad curriculum, covering a range of subjects including English, Maths, Humanities, Science, Languages and a range of GCSE courses that suit each individual student. At the end of their GCSE courses, students will gain an Attainment 8 score which is the GCSE score achieved in a student's 'best 8' GCSEs with English (Language and Literature) and Maths counting as double weightings as below:

Attainment 8 sits alongside the 'English Baccalaureate' (EBacc). Students who gain a 'good pass' (a Grade 5 or above) in English, Mathematics, at least 2 Sciences (including Computer Science), a Humanities subject and a Modern Foreign Language are awarded the EBacc. We encourage all students who aspire to go on to Higher Education to follow the EBacc route and welcome further discussion with parents about the pathways available to students. The

curriculum we offer allows students to follow this route as well as choosing from a range of other subjects. We will provide you and your child with advice on which pathway we think is most suitable for them to follow and you will be able to discuss this with subject teachers, the Key Stage team, form tutors and the Senior Leadership team at the Options Information Evening in January.

## Changes to the GCSE grading system

Nationally the GCSE grading system has changed; the old system of grades, A\*-G, has been phased out and therefore all GCSE subjects sat by your child will be marked in a new grading system of 1-9 (with 9 being the highest).

The diagram below shows how the boundaries will fall, with a new grade 4 being equivalent to that of a low C grade in the old grading system. This means that broadly the same proportion of students will achieve a grade 4 or above as previously achieved a grade C or above.

However, under the changes passes will be spread among six different grades (4 up to 9) and not four (C to A\*) so providing greater differentiation in student performance.

New 1-9 grade system	Old A* - G grade system
9	A*
8	A*/A
7	A
6	B
5	B/C
4	C
3	D/E
2	E/F
1	F/G

**Mrs Heidi Gale**

**Head Teacher**

## Options Table

You must pick **one subject** from each block. One choice **MUST be Citizenship**.

We recommend that all students who are hoping to go to university **study Spanish as well as History or Geography (E.Bacc. Route)**

**Everyone** must choose **at least one subject** from the grey section (History, Geography, Spanish or Computer Science).

Block A	Block B	Block C	Block D
History	Geography	History	Media
Geography	Psychology	Spanish	Sport
Computer Science	Health & Social Care	Art	Business
Spanish	Food	Photography	Performing Arts
Sociology	Business	Engineering	Engineering
Religious Studies	Citizenship	Citizenship	Citizenship

## Core Subjects

**All students will be studying the following subjects:**

- English Language and English Literature
- Maths
- Science: Combined Science (Trilogy) OR Separate Sciences (Biology, Chemistry and Physics)
- Core PE
- Citizenship & RE

## Options

**Students can select their Options from the following subjects:**

- Art
- Business Studies
- **Computer Science\***
- Engineering
- Food Preparation and Nutrition
- **Geography\***
- Health and Social Care
- **History\***
- Media
- **MFL – Spanish\***
- Performing Arts
- Photography
- Psychology
- Religious Studies
- Sociology
- Sport

**\*Attainment 8 subjects – everyone must choose at least one of these subjects.**

Subject	GCSE English Language
Exam Board:	AQA
Assessment structure:	100% final exam at the end of two years
Topics covered in this course include:	<p><b>English Language Paper 1: Fiction.</b></p> <p>Students read and respond to an unseen extract from a novel. They show understanding by answering questions on information and ideas, language and structure, and critically evaluating the writer's methods. Students also have to choose one task which may be descriptive or narrative writing.</p> <p><b>English Language Paper 2: Non-fiction.</b></p> <p>Students read and respond to two unseen extracts, one of which is a 19<sup>th</sup> century text. They show understanding by answering questions on information and ideas, language and structure, and critically evaluating the writer's methods.</p> <p>Students also have to undertake a task where they could be asked to Argue / Persuade / Advise / Explain or Instruct.</p>
Progress from this course: (KEY STAGE 5 or possible careers)	<p>English Language is an entry requirement for all subjects at post-16.</p> <p>English Language GCSE leads into A-Level English Language.</p> <p>Future careers include any area of business, public or private sector work, where good communication skills are required. Specialist careers include working in the media, PR and communication, publishing, journalism, and teaching.</p>
For more information please contact:	<ul style="list-style-type: none"> <li>✓ Your class teacher</li> <li>✓ Mrs Lee/Mrs Crouch</li> </ul>

Subject	GCSE English Literature
Exam Board:	AQA
Assessment structure:	100% final exam at the end of two years. Closed book (this means that students do not have a copy of the text that they have studied with them in the examination).
Topics covered in this course include:	<p><b>English Literature Paper 1: Shakespeare and the 19<sup>th</sup> century novel. (Currently <i>Romeo and Juliet</i> and <i>The Strange Case of Dr Jekyll and Mr Hyde</i>)</b>  Students read and respond to an extract from a Shakespeare play that they have studied and to a 19<sup>th</sup> century novel that they have studied. They show understanding by answering questions on information and ideas, language and structure, and critically evaluating the writers' methods.</p> <p><b>English Literature Paper 2: Exploring Modern Texts.</b>  Students answer one question on a 20<sup>th</sup>/21<sup>st</sup> century text, currently 'An Inspector Calls'. Students also answer one question that asks them to compare two poems from an anthology that they have studied, one of which is printed on the exam paper. A third question asks students to analyse two unseen poems. The fourth question requires students to compare the effects of language and structure in two unseen poems.</p>
Progress from this course: (KEY STAGE 5 or possible careers)	<p>English Literature GCSE leads into A-Level English Literature.</p> <p>Future careers include any area of business, public or private sector work, where good communication skills are required. Specialist careers include working in the media, PR and communication, publishing, journalism, and teaching.</p>
For more information please contact:	<ul style="list-style-type: none"> <li>✓ Your class teacher</li> <li>✓ Mrs Lee/Mrs Crouch</li> </ul>

Subject	GCSE Maths
Exam Board:	AQA
Assessment structure:	100% exam 3 Papers: <ul style="list-style-type: none"> <li>✓ One is a non-calculator paper</li> <li>✓ Two are calculator papers</li> </ul> All exams are 1hr 30 mins.
Topics covered in this course include:	All of the KS3 content covered, and many more new topics, taken from: <ul style="list-style-type: none"> <li>✓ Number</li> <li>✓ Algebra</li> <li>✓ Ratio and Proportion</li> <li>✓ Geometry</li> <li>✓ Statistics</li> </ul>
This course is ideal for:	All students of all abilities. There are two tiers – Higher and Foundation.
Progress from this course: (KEY STAGE 5 or possible careers)	<ul style="list-style-type: none"> <li>✓ A-Level Maths and Further Maths.</li> <li>✓ Links well to Sciences, especially Physics.</li> <li>✓ Also supports Psychology, Geography, Product Design, Engineering, Science.</li> <li>✓ In terms of careers, Maths gives you access to anything STEM related (Science, Engineering, Maths, Technology), as well as careers in business, economics, psychology etc.</li> </ul> <p style="text-align: center;">Maths opens every door!</p>
For more information please contact:	<ul style="list-style-type: none"> <li>✓ Your class teacher</li> <li>✓ Mr Devlin</li> </ul>
Further Maths	During Year 10 and 11 some students will also study AQA Level 2 Certificate in further Maths. Your Maths Teacher will discuss this with you if it is a suitable programme of study for you

**Subject | Triple Science – Specialist in the Sciences.**

GCSE Sciences in Biology, Chemistry and Physics	
Exam Board:	AQA
Assessment structure:	<p>Students are selected to study all three disciplines of science; Biology, Chemistry and Physics.</p> <p><b>Students will be selected</b> based on their ability to cope with the pace of learning THREE GCSEs in the allocated time that the majority of students will study TWO GCSE qualifications. Attitude to learning will also play a key role.</p> <p>Students will receive THREE GCSE qualifications (grade 1-9) in Biology, Chemistry and Physics.</p> <p>Each GCSE will be assessed separately at the end of the course (summer 2021) in two written examinations: totalling six examinations.</p>
Progress from this course: (KEY STAGE 5 or possible careers)	<p>Progress onto A-Level studies.</p> <p>A-Level in Biology, Chemistry or Physics if they attain a <b>GCSE Grade 6</b> or above in Science and Maths.</p> <p>Science GCSEs are often part of entry requirements or essential qualifications for careers including Medicine, Veterinary Science and Engineering.</p>
For more information please contact:	<ul style="list-style-type: none"> <li>✓ Your class teacher</li> <li>✓ Mrs Pascual (Head of Science)</li> </ul>

<b>Subject</b>	<b>GCSE Combined Science (Trilogy) (Biology, Chemistry and Physics)</b>
Exam Board:	AQA; Combined Science – Trilogy route
Assessment structure:	<p>Students will study Science through the delivery of topics that are separated into the traditional Science disciplines of Biology, Chemistry and Physics.</p> <p>The course will result in a qualification that carries the weight of two GCSE's. Students will receive a pair of (equal or consecutive) grades in the form of 9-9, 9-8, 8-8, 8-7, 7-7, 7-6 etc. in Combined Science.</p> <p>They will be taught the content and skills over years 10 and 11.</p> <p>Each unit will be assessed separately at the end of the course (summer 2021) in a total of six written examinations (two biology, two chemistry and two physics):</p>
Progress from this course: (KEY STAGE 5 or possible careers)	<p>Progress onto A-Level studies.</p> <p>A-Level in Biology, Chemistry and Physics if they attain a <b>GCSE Grade 6</b> or above in Science and Maths.</p> <p>Science GCSEs are often part of entry requirements or essential qualifications for careers including Medicine, Veterinary Science and Engineering.</p>
For more information please contact:	<ul style="list-style-type: none"> <li>✓ Your class teacher</li> <li>✓ Mrs Pascual (Head of Science)</li> </ul>

Subject	Core PE
Activities included in Core PE:	Students are asked to make a choice of one of the following <i>pathways</i> : Performance, Creative, Participation and Leadership. Within the chosen <i>pathway</i> , students select the activities to compete and participate in. We feel giving students a choice is essential, as this is an integral part of sustaining interest and a positive attitude towards being physically active. We hope this will represent the way they may approach physical activity outside of school and so encourage lifelong learning and participation.
Skills developed in core PE:	Within Core PE, students will continue to develop their physical skills and the ability to perform within a range of sports and activities alongside developing their overall understanding of what it is to be fit and healthy for life. We also place a strong emphasis on a range of skills which include the ability to demonstrate leadership, resilience, working within a team and communication skills.
The benefits of Core PE:	The list is numerous, none more so than the ability to understand and maintain a healthy lifestyle, which has a range of physical, social and mental benefits. Within a sporting environment and during physical activity students engage with a number of concepts and challenges that develop the whole person.
Progress from this course:	Progress from Core PE develops into lifelong participation in physical activity. Overall the aim is to develop a person who can understand why it is important to lead a healthy lifestyle and how they can achieve this.

Subject	Citizenship/RE
Activities included:	Students cover all the key aspects of their statutory entitlement in these subjects including: <ul style="list-style-type: none"> <li>✓ Sex and relationships</li> <li>✓ Online safety</li> <li>✓ Drug and alcohol awareness</li> <li>✓ Careers advice and post-16 planning</li> <li>✓ Religious views on controversial topics</li> <li>✓ Migration, identity &amp; religious beliefs</li> <li>✓ Core British Values</li> </ul>
Skills developed:	PSHE, RE and Citizenship enable students to acquire the necessary skills and knowledge to become informed, active citizens.
The benefits of this course:	These subjects enable students to discuss issues within society and develop analytical skills. There is also the opportunity to gain a Level 1/2 qualification in Personal Development.
Progress from this course:	This course is particularly appropriate to studying Government & Politics and / or Philosophy & Ethics.

Subject	GCSE Art & Design – Fine Art
Exam Board:	AQA
Assessment structure:	<p>The AQA GCSE Art &amp; Design (Fine Art) carries a 60% weighting for controlled assessment over two years. Students will carry out two broad units of work during this time. This is then followed by a 10 hour practical exam/controlled test after a given preparation time. This makes up 40% of the final GCSE grade.</p>
Topics covered in this course include:	<p>Students carry out a range of practical projects in two and three dimensions; learn about the creative process, and how to make decisions about the development and direction of their work. They will also need to be able to demonstrate an awareness and understanding of the work of other artists and craftspeople. This can be done in writing and annotating their own personal response to others' work and their own work also by a personal response through their own artwork.</p>
This course is ideal for:	<p>This course will appeal to students who enjoy Art, or who would like to consider a creative or design-orientated career.</p>
Progress from this course: (KEY STAGE 5 or possible careers)	<p>Students who are considering further study at A-Level in Art and Design or are thinking of a career in any of the design areas below will need to take the GCSE Art &amp; Design course as they will be required to submit a portfolio of work at interview.</p> <p>There are numerous career opportunities in Art related fields such as architecture, product designer, window dresser, teacher, film or theatre set designer, web designer, game design, animation, graphics, textile design, fashion or costume design.</p>
For more information please contact:	<p>✓ Mrs Hewitt</p>

Subject	GCSE Art & Design - Photography
Exam Board:	EDUQAS
Assessment Structure:	<p>Students following the GCSE Photography course will complete two main assessment portfolios.</p> <p><b>Component 1 (Portfolio)</b> This is worth 60% of the final mark and is a Personal Investigation exploring one major theme.</p> <p><b>Component 2 (exam topic)</b> This is worth 40% of the final mark. Students must respond to a title set by AQA during a 10 hour practical exam/controlled test after a set preparation time.</p>
Topics Covered in this course include:	<p>We begin the course by introducing students to different photographic styles and techniques, including macro photography, sequencing and portrait digital editing. Students will produce a sketchbook of work in which they explore different photographers, experiment with editing techniques and refine their own photographic skills.</p>
This course is ideal for:	<p>GCSE Photography is suitable for Purple Route students specifically selected by the Key Stage team.</p>
Progress from this course: (Key Stage 5 or possible careers)	<p>BTEC Level 2 Qualifications or apprenticeships in Photography or Media Studies.</p>
For more information please contact:	<ul style="list-style-type: none"> <li>✓ Mrs Deacon</li> <li>✓ Miss Cooper</li> </ul>

Subject	GCSE Business Studies
Exam Board:	Edexcel
Assessment structure:	100% Exam (this is split in to two exams that are sat in summer of year 11. They are worth 50% each)
Topics covered in this course include:	<p>Business is taught in two units:</p> <p>Investigating small businesses, which includes sections on:</p> <ul style="list-style-type: none"> <li>✓ Enterprise and entrepreneurship</li> <li>✓ Spotting a business opportunity</li> <li>✓ Putting a business idea into practice</li> <li>✓ Making the business effective</li> <li>✓ Understanding external influences on business</li> </ul> <p>Building a business, which includes sections on:</p> <ul style="list-style-type: none"> <li>✓ Growing the business</li> <li>✓ Making marketing decisions</li> <li>✓ Making operational decisions</li> <li>✓ Making financial decisions</li> <li>✓ Making human resource decisions</li> </ul>
This course is ideal for:	Students interested in the world of business and understanding the key aspects of business. It is suitable for people confident sitting exams, so a requirement in excellent written communication is essential.
Progress from this course: (KEY STAGE 5 or possible careers)	Overall, the course offers a varied and interesting introduction to the subject of Business. Whilst the content will be new to all students (and therefore quite demanding) it will be of use to students later in life and help them understand business in practical terms. The course gives an introduction to Business, Economics and Enterprise and will therefore be of use to students who wish to study these subjects at A-Level. The course gives a broad introduction to many important and useful areas of Business in today's competitive world.
For more information please contact:	✓ Mrs Banger

Subject	GCSE Computer Science
Exam Board:	OCR
Assessment structure:	There are two written exams which are taken in Year 11 and make up 100% of your final grade (50% per exam).
Topics covered in this course include:	Students will study the following: <ul style="list-style-type: none"> <li>✓ Computer systems and programming (written exam paper)</li> <li>✓ Computational Thinking, Algorithms and Programming</li> </ul>
This course is ideal for:	This course is ideal for students who are logical and enjoy problem solving. Computer Science is also aimed at students who want to learn more about coding to produce programmes, to meet a range of briefs.
Progress from this course: (KEY STAGE 5 or possible careers)	A-Level in Computer Science through to a degree and career in a whole host of computing options, including programming, project management and network management
For more information please contact:	✓ Miss Gulshan

Subject	Level 1/2 Cambridge National Award/Certificate in Engineering Design
Exam Board:	OCR
Assessment structure:	<p>Pupils will complete this qualification over the course of the two years. They will be continuing with the work they have studied in Year 9 during their Engineering lessons.</p> <ul style="list-style-type: none"> <li>✓ Design briefs, design specifications and user requirements - Written paper OCR set and marked 1 hour – 60 marks.</li> <li>✓ Product analysis and research - Centre-assessed task, OCR moderated.</li> <li>✓ Developing and presenting engineering designs - Centre-assessed task, OCR moderated.</li> <li>✓ 3D design realisation - Centre-assessed task, OCR moderated.</li> </ul>
Topics covered in this course include:	<p>Engineering design is a process used to develop and enhance new products and systems as a response to market opportunities. This qualification is an opportunity for you to develop a design specification and study the processes involved in designing new engineered products. You will use practical skills such as drawing, computer modelling and model making to communicate design ideas. The qualification will also encourage you to consult with a client and, with its practical focus, will engage you in producing, testing and evaluating a prototype in the form of a model.</p>
This course is ideal for:	<ul style="list-style-type: none"> <li>✓ Students who like to design a variety of products using their imagination and work with different materials.</li> <li>✓ Students who like to learn about how different techniques can be applied to materials to enhance their looks/performance.</li> <li>✓ Students who like to work with a range of tools and machinery to construct various prototypes that they have designed.</li> </ul>
Progress from this course:	<p>A-Level in Product Design or other Technology subjects, Apprenticeships, college courses in Electronics, Plumbing, Plastering, Construction and Engineering.</p>
For more information please contact:	<ul style="list-style-type: none"> <li>✓ Mr Ramsden</li> </ul>

Subject	GCSE Food Preparation & Nutrition
Exam Board	WJEC
Assessment structure:	<p>Written examination: 1 hour 45 minutes. 50% of the final mark</p> <p>Internal Assessment: 50% of the final mark</p> <p>Assessment 1. Food Investigation Assessment- 15% (8 hours)</p> <p>Assessment 2. Food Preparation Task- 35% Investigate, prepare, cook, serve and evaluate a menu of 3 dishes for a set theme (12hrs)</p>
Topics covered in this course include:	<p><u>Component 1</u>: Principles of Food Preparation and Nutrition. (Written exam)</p> <ul style="list-style-type: none"> <li>✓ Food commodities</li> <li>✓ Nutrition, diet and good health</li> <li>✓ The science of food</li> <li>✓ Where food comes from</li> <li>✓ Cooking and food preparation</li> </ul> <p><u>Component 2</u>: Food Preparation and Nutrition in Action.</p> <p>This is assessed through 2 exam board set assessments</p> <p><u>Assessment 1</u>: (15%) An example of a task might be to practically investigate the effects of using different ingredients in shortcrust pastry and to produce a report to evidence your findings.</p> <p><u>Assessment 2</u>: (35%) An example of this task might be to research, prepare and cook three dishes to promote the cuisine of a specific country or region that could be served on a themed menu for a local restaurant's International Week.</p>
This course is ideal for:	<ul style="list-style-type: none"> <li>✓ Students learn through practical experimentation and skills development</li> <li>✓ Practically increasing knowledge, skills and confidence in working with a wide range of foods and preparation and cooking methods. Developing high level practical making skills.</li> <li>✓ Developing an understanding of food and health so that pupils can look after their own needs and those of others (life-skill)</li> <li>✓ Developing an understanding of factors that influence the foods that we eat e.g. environmental, ethical, economic, social</li> <li>✓ Exploring and understanding a range of ingredients and processes from different culinary traditions</li> <li>✓ Being creative with food and enjoying working with and developing new recipes</li> </ul>
Progress from this course: (KEY STAGE 5 or possible careers)	<p>A-Level courses in Food Science and Nutrition</p> <p>Level 2 and 3 courses in Catering and Hospitality</p> <p>Food-related courses at A-Level</p> <p><u>Future prospects</u></p> <p>Food scientist, product development, hospitality and catering, dietician, sports nutrition, teaching, lecturing, health promotion</p>
For more information please contact:	<ul style="list-style-type: none"> <li>✓ Miss Giddins</li> <li>✓ Mrs Mansfield</li> </ul>

Subject	GCSE Geography
Exam Board:	AQA
Assessment structure:	<p>Living with the physical environment – 1 hour 30 minute exam worth 35% of overall grade</p> <p>Challenges in the human environment – 1 hour 30 minute exam worth 35% of overall grade</p> <p>Geographical applications– 1 hour exam worth 30% of overall grade</p>
Topics covered in this course include:	<ul style="list-style-type: none"> <li>✓ Natural Hazards</li> <li>✓ Climate Change</li> <li>✓ Rivers</li> <li>✓ Coasts</li> <li>✓ Ecosystems</li> <li>✓ Urbanisation</li> <li>✓ Economics</li> <li>✓ Development</li> <li>✓ Resource management</li> <li>✓ Fieldwork (linked to a residential trip to the Welsh coast)</li> </ul>
This course is ideal for:	Students who have an interest in the natural world and our place in it.
Progress from this course: (KEY STAGE 5 or possible careers)	Due to Geography’s wide range of topics and close links with other academic disciplines, this GCSE is a great complement to a number of A-Level courses, not just A-Level Geography. As well as there being many careers where Geography is essential (environmental management, town planning etc.), there are countless professions where it would be useful (e.g. teaching, finance, tourism etc.). As such, GCSE Geography is very highly regarded by all colleges and employers.
For more information please contact:	<ul style="list-style-type: none"> <li>✓ Your class teacher</li> <li>✓ Mr Staszkiwicz</li> </ul>

Subject	GCSE History
Exam Board:	Edexcel
Assessment structure:	Exam 1 Thematic Study and historic environment 30% Exam 2 British Depth Study and Period Study 40% Exam 3 Modern Depth Study 30%
Topics covered in this course include:	<p><b>Thematic study: <i>Medicine in Britain 1250-present and the British sector of the Western Front, 1914-18: injuries, treatment and the trenches.</i></b> This will look at medical developments in Britain and how these have changed over time.</p> <p><b>British Depth Study: <i>Anglo-Saxon and Norman England 1060-88</i></b> This topic will examine how William became King of England in 1066 and how he tried to control England in the years after the Battle of Hastings.</p> <p><b>Period Study: <i>The American West, c1835-c1895</i></b> This topic will focus on the expansion of America into the west and how settlement of the Plains caused conflict.</p> <p><b>World Depth Study: <i>Weimar and Nazi Germany, 1918-39</i></b> This topic will examine how the Nazis controlled life in Germany and what it was like for different groups of people to live under Nazi rule.</p>
This course is ideal for:	Students who are inquisitive and like to ask questions about the past. Students who want to find out about the world around them and why it is the way it is.
Progress from this course:  (KEY STAGE 5 or possible careers)	A-Level History and degrees and all types of academic study in History, classical studies, politics, etc.  Archaeologist, archivist, lawyer, politician, journalist, writer, teacher and many jobs are relevant to the study of History
For more information please contact:	<ul style="list-style-type: none"> <li>✓ Your class teacher</li> <li>✓ Mrs Read</li> </ul>

Subject	GCSE Media Studies
Exam Board:	Eduqas
Assessment structure:	<p><b>Component 1: Exploring the Media</b></p> <p>Written examination, 1 hour 30 mins</p> <p>40% of the qualification</p> <p><b>Component 2: Understanding Media Forms and Products</b></p> <p>Written examination, 1 hour 30 mins</p> <p>30% of the qualification</p> <p><b>Component 3: Creating Media Products</b></p> <p>Non-exam assessment</p> <p>30% of the qualification</p>
Topics covered in this course include:	<p>This course enables students to gain an in depth understanding of a wide range of media forms (such as advertising, video games, the film industry and music videos). Students will learn about how representation is used to reflect and influence opinions and be able to explain why and how this is achieved. Students will also learn about Media Industries through an in-depth study of TV Sitcom and Media Marketing through analysing a music industry case study.</p> <p>The creative element is retained through an individual media production made in response to a choice of set briefs provided by the exam board, focussing on the key areas of media language and representation.</p>
Progress from this course: (KEY STAGE 5 or possible careers)	A Level Media Studies. Also, A Level English Language, A Level ICT, A Level Photography and A Level Business Studies all share similar skill sets; independent learning skills and analytical skills learnt in Media are a definite advantage in these subject areas too.

	<p>A University degree in Media can lead to jobs in journalism (TV and print), film making and editing, advertising, marketing and teaching.</p> <p>Analytical and evaluative skills learnt on a Media course are also highly transferrable in business, ICT, marketing and sales.</p>
For more information please contact:	Mrs Deacon <a href="mailto:lisa.deacon@whptrust.org">lisa.deacon@whptrust.org</a>

Subject	BTEC Performing Arts
Exam Board:	Pearson
Assessment Structure:	<p>Component 1 &amp; 2 are internally assessed coursework units.</p> <p>Component 3 is an externally assessed performance unit.</p>
Topics Covered in this course include:	<ul style="list-style-type: none"> <li>✓ Examine live and recorded performances</li> <li>✓ Learn about professional roles in performing arts</li> <li>✓ Look at different performing styles</li> <li>✓ Consider techniques and skills used in performances</li> <li>✓ Create your own performances and develop your skills as a performer in your preferred area (dance, drama, musical theatre).</li> <li>✓ Develop skills in theatre design.</li> </ul>
This course is ideal for:	<ul style="list-style-type: none"> <li>✓ Students who enjoy performing and are interested in a career in Performing Arts</li> <li>✓ Those who want to build confidence and teamwork skills within an Arts context</li> <li>✓ Students keen to have a creative outlet</li> </ul>
Progress from this course: (KEY STAGE 5 or possible careers)	<p>Level 3 Dance, Drama or Performance Studies courses.</p> <p>Former students now have careers in performance, teaching, sales, marketing and design.</p>
For more information please contact:	<ul style="list-style-type: none"> <li>✓ Mrs Kirby</li> <li>✓ Mrs Agius</li> </ul>

Subject	GCSE Religious Studies
Exam Board:	EDUQAS
Assessment structure:	3 x 2 hour exams 100% exam
Topics covered in this course include:	<p><u>Component 1</u>- Religious, Philosophical and Ethical Studies in the Modern World (50% of qualification)</p> <p>Theme 1- Issues of Relationships Theme 2- Issues of Life and Death Theme 3- Issues of Good and Evil Theme 4- Issues of Human Rights</p> <p><u>Component 2</u>- Study of Christianity- beliefs, teachings and practices (25% of qualification)</p> <p><u>Component 3</u>- The Study of a World Faith- Judaism- beliefs, teachings and practices- (25% of qualification)</p>
