Voting papers received after this will not be counted. A ballot box will be available at Reception.

Brief personal details supplied by candidates

Simon Atkinson

I have keen interest in education and want to ensure the school is the best it can be. I work in IT, but am also a qualified teacher and hold an MA in education. I'm currently a governor at a local primary school where I chair one of the committees, looking at curriculum, attainment and progress. As a Governor I want to support the school and help its continued progression in offering the best education in the area.

Andrew Chadburn-Tennyson

I would welcome an opportunity to contribute towards the quality of the collage to ensure that every child is valued and that the best possible education of all children can be achieved. By supporting the collage's ethos and principles I will ensure that every child will develop lifelong opportunities. Using my previous governor experience, professional skills, commitment and enthusiasm I will ensure effective collage management, vision and educational performance as well as continued communication between the collage and parents.

Kirsten Dianne Rawson

With extensive knowledge and experience of school governance at another school, I understand what is required to contribute to the success of Bramcote College. I hold a management position within the Department for Education and deal with all manner of human resource issues including policy, processes, recruitment and performance management. As part of my role I work on school construction projects. The resulting skills and experience would be of great value to the school in their forthcoming project.

Alexander David Slowey

I am very excited at the opportunity to be further involved in ongoing developments of Bramcote College, both in terms of pupil outcomes and the delivery of a fantastic new facility. I am a scientist within the pharmaceutical industry, having strong links with academies, particularly in the development of post-graduate training. I am also one of the Leaders of a local church and have experience as a director of that organisation. I am the father of a Year 8 pupil.
