Monday 21 st February	Deadline for options choices – please complete the online form sent to students via email.
Easter 2022	Confirmation of subject choices to students and parents.

Welcome to the Year 9 Options Guide

At Bramcote College, we have designed a KS4 curriculum which is suited to the needs of all our students, including those with SEN.

We recognise that not all young people are suited to a full curriculum of academic subjects and have tailored our offer accordingly.

We have identified that your son or daughter may benefit from this specialised pathway and will work with you and your child to choose the right KS4 pathway for them.

Please read this booklet carefully and do not hesitate to contact us at school if you have any questions. We will be available for telephone appointments with parents and will also speak to each student individually during school time.

Jenny Read
Assistant Head Teacher
(Transition & Curriculum)

Mary Kirby
Assistant Head Teacher
(Inclusion/SEN)

Core Subjects

All students will be studying the following subjects:

- English
- Maths
- Science
- Core PE
- Citizenship/RE

Options

Students can select their Options from the following subjects:

- Art
- Food
- Health and Social Care
- Photography
- Sport
- Product Design

- Personal Development & Employability Skills

Students must pick **one subject** from each block.

Block A	Block B	Block C
Sport Personal Development & Employability Skills	Sport Food Health & Social Care Art	Photography Product Design Performing Arts

If students are struggling to find a combination which works for them, please let us know as soon as possible.

Subject	GCSE English Language
Exam Board:	AQA
Assessment structure:	100% final exam at the end of two years
Topics covered in this course include:	<p>English Language Paper 1: Fiction.</p> <p>Students read and respond to an unseen extract from a novel. They show understanding by answering questions on information and ideas, language and structure, and critically evaluating the writer’s methods. Students have to choose one task, which may be descriptive or narrative writing.</p> <p>English Language Paper 2: Non-fiction.</p> <p>Students read and respond to two unseen extracts, one of which is a 19th century text. They show understanding by answering questions on information and ideas, language and structure, and critically evaluating the writer’s methods.</p> <p>Students also have to undertake a task where they could be asked to Argue / Persuade / Advise / Explain or Instruct.</p> <p>Students will also complete a qualification in functional skills English, and some will sit the English Literature GCSE if appropriate.</p>
Progress from this course: (KEY STAGE 5 or possible careers)	English Language is an entry requirement for all subjects at post-16 and plays a key role in developing readiness for work and apprenticeships.
For more information please contact:	<ul style="list-style-type: none"> ✓ Your class teacher ✓ Mrs Lee / Mrs Crouch

Subject	GCSE Maths
Exam Board:	AQA
Assessment structure:	100% exam 3 Papers: <ul style="list-style-type: none"> ✓ One is a non-calculator paper ✓ Two are calculator papers All exams are 1hr 30 mins.
Topics covered in this course include:	All of the KS3 content covered, and many more new topics, taken from: <ul style="list-style-type: none"> ✓ Number ✓ Algebra ✓ Ratio and Proportion ✓ Geometry ✓ Statistics
This course is ideal for:	All students of all abilities – students will take the foundation paper as well as the Entry Level Maths certification.
Progress from this course: (KEY STAGE 5 or possible careers)	<ul style="list-style-type: none"> ✓ Preparation for post-16 college courses ✓ Preparation for apprenticeships <p style="text-align: center;">Maths opens every door!</p>
For more information please contact:	<ul style="list-style-type: none"> ✓ Your class teacher ✓ Mr Devlin

* Students will also sit entry level maths.

Subject	Entry Level Science + Combined Trilogy (Biology, Chemistry and Physics)
Exam Board:	AQA
Assessment structure:	<p>Students will complete the Entry Level Science qualification.</p> <p>Entry Level Science</p> <p>The Entry Level Science course is designed to prepare pupils for the GCSE in Science. It will cover all 3 disciplines of Science and allow pupils to engage with Science skills and develop their understanding of concepts. Pupils will not be examined at the end of this course, however they will complete in class assessments throughout. This course is designed to be a transition between KS3 and GCSE – we aim that all students on this pathway will achieve at least one science GCSE as well as the entry level course.</p>
Progress from this course: (Key Stage 5 or possible careers)	The entry level course will provide pupils with the experience and skills that will allow them to move onto work within the Scientific community in a variety of roles, such as working in laboratories or working with animals.
For more information please contact	<ul style="list-style-type: none"> ✓ Your class teacher ✓ Mrs Pascual (Head of Science)

Subject	Core PE
Activities included in Core PE:	Students are asked to make a choice of one of the following <i>pathways</i> : Performance, Creative, Participation and Leadership. Within the chosen <i>pathway</i> , students select the activities to compete and participate in. We feel giving students a choice is essential, as this is an integral part of sustaining interest and a positive attitude towards being physically active. We hope this will represent the way they may approach physical activity outside of school and so encourage lifelong learning and participation.
Skills developed in core PE:	Within Core PE, students will continue to develop their physical skills and the ability to perform within a range of sports and activities alongside developing their overall understanding of what it is to be fit and healthy for life. We also place a strong emphasis on a range of skills which include the ability to demonstrate leadership, resilience, working within a team and communication skills.
The benefits of Core PE:	The list is numerous, none more so than the ability to understand and maintain a healthy lifestyle, which has numerous physical, social and mental benefits. Within a sporting environment and during physical activity students engage with a number of concepts and challenges that develop the whole person.
Progress from this course:	Progress from Core PE develops into lifelong participation in physical activity. Overall the aim is to develop a person who can understand why it is important to lead a healthy lifestyle and how they can achieve this.

	Citizenship/RE/RSE
Activities included:	Students cover all the key aspects of their statutory entitlement in these subjects including: <ul style="list-style-type: none"> ✓ Relationships and Sex Education ✓ Online safety ✓ Drug and alcohol awareness ✓ Careers advice and post-16 planning ✓ Religious views on controversial topics ✓ Migration, identity & religious beliefs ✓ Core British Values
Skills developed:	PSHE, RE and Citizenship enable students to acquire the necessary skills and knowledge to become informed, active citizens.
The benefits of this course:	These subjects enable students to discuss issues within society and develop analytical skills. Students can also gain credits towards their Achieve Diploma.
Progress from this course:	All future study and apprenticeships

Subject	Personal Development & Employability Skills (Achieve/Aim)
Exam Board:	Prince's Trust
Assessment structure:	<p>100% coursework & project based</p> <p>Students will achieve a Level 2 Diploma or Award depending on the number of units completed.</p>
Topics covered in this course include:	<p>The course aims to develop confidence and prepare students for work and further education.</p> <p>Students can complete units in:</p> <ul style="list-style-type: none"> - Career planning - Managing money - Interview skills - Presentation skills - Leadership - Personal wellbeing - Teamwork
Progress from this course: (KEY STAGE 5 or possible careers)	<p>Preparation for all Post-16 courses, skills for apprenticeships and employment.</p> <p>Development of life skills and confidence.</p>
For more information please contact:	<ul style="list-style-type: none"> ✓ Mrs Kirby ✓ Miss Harrison

Subject	GCSE Art & Design – Fine Art
Exam Board:	AQA
Assessment structure:	<p>The AQA GCSE Art & Design (Fine Art) carries a 60% weighting for controlled assessment over two years. Students will carry out two broad units of work during this time. This is then followed by a 10 hour practical exam/controlled test after a given preparation time. This makes up 40% of the final GCSE grade.</p>
Topics covered in this course include:	<p>Students carry out a range of practical projects in two and three dimensions; learn about the creative process, and how to make decisions about the development and direction of their work. They will also need to be able to demonstrate an awareness and understanding of the work of other artists and craftspeople. This can be done in writing and annotating their own personal response to others' work and their own work also by a personal response through their own artwork.</p>
This course is ideal for:	<p>This course will appeal to students who enjoy Art, or who would like to consider a creative or design-orientated career.</p>
Progress from this course: (KEY STAGE 5 or possible careers)	<p>Students who are considering further study at A-Level in Art and Design or are thinking of a career in any of the design areas below will need to take the GCSE Art & Design course as they will be required to submit a portfolio of work at interview.</p> <p>There are numerous career opportunities in Art related fields such as architecture, product designer, window dresser, teacher, film or theatre set designer, web designer, game design, animation, graphics, textile design, fashion or costume design.</p>
For more information please contact:	<ul style="list-style-type: none"> ✓ Your class teacher ✓ Mrs Hewitt

Subject	GCSE Art & Design - Photography
Exam Board:	EDUQAS
Assessment Structure:	<p>Students following the GCSE Photography course will complete two main assessment portfolios.</p> <p>Component 1 (Portfolio) This is worth 60% of the final mark and is a Personal Investigation exploring one major theme.</p> <p>Component 2 (exam topic) This is worth 40% of the final mark. Students must respond to a title set by Eduqas during a 10 hour practical exam/controlled test after a set preparation time.</p>
Topics Covered in this course include:	<p>We begin the course by introducing students to different photographic styles and techniques, including macro photography, sequencing and portrait digital editing. Students will produce a sketchbook of work in which they explore different photographers, experiment with editing techniques and refine their own photographic skills.</p>
This course is ideal for:	<p>GCSE Photography is ideal for students who enjoy developing a creative, personal response to different themes, and who can work independently to develop their passion for taking photographs and creating digital artwork.</p>
Progress from this course: (Key Stage 5 or possible careers)	<p>A Level Photography, A Level Art, creative and digital media courses, apprenticeships or vocational courses. Employment in advertising, wedding and press photography, the film industry and much more!</p>
For more information please contact:	<ul style="list-style-type: none"> ✓ Mrs Deacon ✓ Miss Cooper

Subject	BTEC Sport
Exam Board:	Pearson Edexcel
Assessment structure:	40% external exam 60% internal controlled assessment
Topics covered in this course include:	<ul style="list-style-type: none"> • Preparing participants to take part in sports and physical activity. • Taking part and improving other participants sporting performance • Developing fitness to improve other participants performance in sport and physical activity.
This course is ideal for:	<p>Learners who want to acquire sector-specific applied knowledge and skills by exploring the different types and providers of sport and physical activity and the equipment and technology available for participation. They will also explore the different types of participant and their needs in order to gain an understanding of how to increase participation for others in sport and physical activity and develop their knowledge and understanding of anatomy and physiology. Learners will undertake practical sessions to develop skills in planning and delivering sports activity sessions to participants. The qualification also enables learners to develop their sector-specific skills, such as sport analysis and sports leadership.</p>
Progress from this course: (KEY STAGE 5 or possible careers)	<p>A BTEC Tech award in Sport will aid progression to further study and prepare students to enter the workplace in due course. Typical employment opportunities may include working as a coach or as a fitness instructor. A BTEC will allow students to gain an introductory understanding of a vocational area. It is a good stepping stone into higher level courses, as there is a clear progression route to the Sport A-Level course, which can be studied at Bramcote College, or an apprenticeship.</p>
