

The 16 to 19 tuition fund 2021 to 2022 academic year

For the 21-22 academic year, schools have been able to opt into additional funding to support small group tuition for students aged 16 to 19 in English, maths and other subjects that have been disrupted, as a result of the COVID pandemic.

The funding should be used to support students on a 16-19 study programme who have not achieved a grade 4 or 5 in English and/or maths, or students who have a grade 4 or above in English and/or maths but are from an economically disadvantaged background and may need catch-up support.

Now that we are returning to a full onsite provision with fewer restrictions, we will identify students against the criteria noted above and will deliver a combination of one to one and small group tuition in relevant subjects according to need. The core focus will be on maths and English provision.
