## How we collect student information

We collect student information via registration forms when a student joins the school. In addition, when a child joins us from another school we are sent a secure file containing relevant information.

Student data is essential for the schools' operational use. Whilst the majority of student information you provide to us is mandatory, some of it is requested on a voluntary basis. In order to comply with the data protection legislation we will inform you at the point of collection, whether you are required to provide certain student information to us or if you have a choice in this.

## How we store, delete and destroy student data

Students' personal data is retained in line with the Records Management Policy. We hold this data in paper and electronic formats.

Student data is retained throughout the time the student is registered with a Trust school. Should a transfer request to another education establishment be received, the student paper file will be forwarded to the new school, but electronic data will be retained as below.

When a student leaves the Trust, whether at the end of Year 11, 13 or transferred to another school the data will be retained until the August following the students 25<sup>th</sup> Birthday. (For example the data would be destroyed in August 2025 for a student born on 1 January 2000). The paper file where retained is removed to confidential waste and the electronic data is erased at the same time.

We routinely share student information with:

- the Department for Education (DfE)

## Youth support services

### Students aged 13+

Once our students reach the age of 13+, we also pass student information to our local authority and / or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- careers advisers

The information shared is limited to the child's name, address and date of birth. However where a parent or carer provides their consent other information relevant to the provision of youth support services will be shared. This right is transferred to the child/student once he/she reaches the age of 16.

We will also share certain information about students aged 16+ with our local authority and / or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

Much of the data about students in England goes on to be held in the National Pupil Database (NPD).

The NPD is owned and managed by the Department for Education and contains information about students in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department.

It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.
