

Dear Parents & Carers,

The online world is posing an ever-increasing risk to children, and it is important that schools, parents and carers work together to take an active role in teaching children about online dangers. Learning how to act safely when using the internet is an incredibly important part of safeguarding our children.

Further to the letter sent by Mr Morton last week and as part of our Bramcote online safety strategy **#BetheBOSS**, we are delighted to announce that we have begun to work in partnership with the National Online Safety organisation who are able to provide online resources for all parents and carers.

The resources include parents and carers courses (presented by Myleene Klass), online video resources and weekly guides covering a huge range of topics, including:
